

User's Manual

QUIK User Workstation,
a direct access front-office system

Version 8.13

The logo for quik, featuring the word "quik" in a white, lowercase, sans-serif font, centered within a green circle.

quik

Contents

Chapter 1. Before starting

1.1	General information	2
1.2	System requirements	3
1.3	Program installation	3
1.4	Adding and selecting crypto provider in QUIK Workstation settings.....	4
1.5	Configuration of encryption carried out by means of qcrypto32 library.....	7
1.6	Configuration of encryption and digital signature carried out by means of MP library.....	8
1.7	Configuration of encryption and digital signature carried out by means of OpenSSL library	14
1.8	Running keys of the QUIK Workstation.....	17
1.9	Configure connection	18
1.10	Connecting to the QUIK Server.....	26
1.11	Monitoring the connection status.....	28
1.12	Versions of components and plugins	31
1.13	Program updates	32
1.14	Receiving files.....	32
	Appendix 1. Error messages	35
	Appendix 2. Example of certificate retrieval via web interface of Certification Authority.....	38

Chapter 2. Basic operating principles

2.1	Data structure	2
2.2	Program interface.....	4
2.3	Global filters	6
2.4	Quick search for an instrument.....	9
2.5	Configuring data request	13
2.6	Tabs.....	16
2.7	Working with windows.....	17

2.8 Tables.....	21
2.9 System messages	41
2.10 Configuring the QUIK Workstation.....	43
2.11 Changing the interface language.....	49
2.12 Saving / restoring the configuration.....	50
2.13 Hotkey editor.....	52
2.14 APPENDIX.....	55

Chapter 3. Viewing information

3.1 Create a window	5
3.2 Quotes table	9
3.3 Time and Sales table.....	18
3.4 Level II Quotes table	23
3.5 Account state table	34
3.6 Orders table	57
3.7 Stop orders table	67
3.8 Trades table	76
3.9 News.....	87
3.10 Trader messages window.....	91
3.11 Alerts window	97
3.12 Client portfolio table	112
3.13 Buy / Sell table	124
3.14 Summary table of positions.....	129
3.15 Positions in instruments table.....	132
3.16 Cash positions table.....	136
3.17 Trading accounts table	140
3.18 Client account limits table.....	142
3.19 Client account positions table.....	145
3.20 Options board table.....	148
3.21 Negdeal orders table.....	154

3.22 NDM quotes table.....	161
3.23 NDM Level II Quotes table.....	165
3.24 REPO quotes table.....	168
3.25 Trades for execution	170
3.26 Order reports for NDM trades table.....	178
3.27 Settlement codes table.....	182
3.28 Table of cash liabilities and claims	184
3.29 Table of asset liabilities and claims (extended)	186
3.30 Table of liabilities and claims for assets.....	188
3.31 Interest risk parameters table	190
3.32 Market risk parameters table.....	192
3.33 Individual risk parameters table.....	194
3.34 Table of cash liabilities and claims [Currency]	195
3.35 Currency: commitments and demands on assets table	197
3.36 Currency: interest risk parameters table	199
3.37 Currency: market risk parameters table.....	200
3.38 Currency: individual risk parameters table.....	202
3.39 Currency: interproduct spreads	204
3.40 Table of a Market-Maker's liabilities by stock and foreign exchange markets.....	205
3.41 Table of extended liabilities of Market Maker for stock and currency markets.....	208
3.42 Table of Market Maker's liabilities by derivatives market.....	212
3.43 Quotes history table.....	214
3.44 Quotes changes table.....	219
3.45 Participant's cash positions	220
3.46 Participant's positions in instruments	223
3.47 Participant's positions on trading accounts	225
3.48 Participant's positions in instruments on trading accounts.....	227
3.49 Aggregated Level II Quotes table	229
3.50 Transaction pocket table	233
3.51 Transactions table.....	237

3.52 System messages	241
3.53 Table of client requests for orders execution	243
3.54 Table of trading participants.....	245
3.55 Traders information table.....	248
3.56 NCC transfers table	251
3.57 Prohibition on operations table	253
3.58 Information on settlement codes	256
3.59 Transfer types table.....	257
3.60 Bank accounts table	258
3.61 Table of algorithmic orders.....	260
3.62 APPENDIX 1. Formulas for Calculating the Client Portfolio Parameters	263
3.63 APPENDIX 2	266

Chapter 4. Working with graphs

4.1 The graphs window	4
4.2 Graph configuration	14
4.3 Technical analysis instruments.....	45
4.4 Methods of technical analysis	56
4.5 Bonds yield graph.....	93

Chapter 5. Client operations

5.1 General method of executing transactions.....	5
5.2 Entering orders	5
5.3 Order confirmation	19
5.4 Cancelling Orders	20
5.5 Changing orders.....	20
5.6 Contingent (Stop) orders	21
5.7 'If done' orders.....	30
5.8 Handling orders from the Level II Quotes table	34
5.9 Swapping orders for options and futures.....	43
5.10 Closing positions.....	44

5.11 Closing all positions.....	46
5.12 Reverse position	48
5.13 Calculating premiums for options.....	49
5.14 Parameters of trading operations.....	50
5.15 Accounts settings.....	59
5.16 Instrument parameters.....	60
5.17 Cancelling orders by condition.....	64
5.18 Configuring order entry fields autofilling.....	66
5.19 Configuring order volume limits.....	72
5.20 Client and market descriptions	74
5.21 Error messages	75

Chapter 6. Working with other programs

6.1 Data export via DDE server.....	2
6.2 Exporting data using ODBC	6
6.3 Exporting instruments via ODBC.....	10
6.4 Points to be aware of when exporting data.....	11
6.5 Export of data into technical analysis systems using built-in tools	11
6.6 Configuring wealth-lab developer	14
6.7 Configuring AmiBroker	20
6.8 Export of data into technical analysis systems using external programs	23
6.9 Transaction import	25
6.10 Importing transactions via API.....	36
6.11 APPENDIX.....	54

Chapter 7. Broker operations

7.1 Viewing trader positions	2
7.2 Working with client limits	2
7.3 Sub-administration.....	3
7.4 Margin trading	6
7.5 Handling positions.....	10

7.6	Dynamic position correction from file.....	19
7.7	Operations with client limits on derivatives market.....	24
7.8	Operations in the Negotiated Deal Mode	29
7.9	REPO operations	31
7.10	Entering orders.....	33
7.11	Trading operations in NDM, REPO, REPO-M, REPO with CCP and RCB REPO with confirmation modes	35
7.12	Makler order.....	54
7.13	Makler stop orders	58
7.14	Participation in auctions for instruments placement.....	63
7.15	Client transactions receipt mode with confirmation by the broker.....	65
7.16	APPENDIX. Error messages for working with positions.....	66

Chapter 8. QPILE language

8.1	General.....	4
8.2	Working with QPILE tables.....	4
8.3	Program file structure	8
8.4	QPILE language constructs	12
8.5	General functions.....	21
8.6	Mathematical functions.....	22
8.7	Functions for working with collections (COLLECTION).....	25
8.8	Functions for working with associative arrays (MAP).....	26
8.9	Functions for accessing rows in arbitrary QUIK tables.....	28
8.10	Functions for accessing a list of available parameters.....	48
8.11	Functions for handling programmable tables	50
8.12	Functions for getting values from the quotes table	52
8.13	Functions for retrieving values from the Level II Quotes table	60
8.14	Functions for retrieving values from the Positions in instruments table	61
8.15	Functions for retrieving values from the Cash positions table.....	63
8.16	Functions for the calculation of margin positions.....	64
8.17	Functions for retrieving values from the Client Portfolio and Buy / Sell tables.....	66

8.18 File handling functions.....	73
8.19 String handling functions.....	75
8.20 Chart handling functions	76
8.21 Order handling functions.....	79
8.22 Label handling functions.....	81
8.23 Service Functions	84
8.24 QPILE program debugging	87
APPENDIX 1. QPILE command syntax.....	89
APPENDIX 2. Recommendations for writing programs in QPILE.....	91

Chapter 9. Additional features

9.1 Reports.....	1
9.2 Investment recommendations	16

Additional consulting

If you have any question as regards installation and/or operation of QUIK, please consult your broker's QUIK system administrator.

Any information about modifications in current versions of QUIK is available from our official website: <http://arqatech.com/en/>.

Your opinions and comments on this User's Manual are welcome at quiksupport@arqatech.com.
